

1. Notice of Race: This Yearbook serves as the Notice of Race for the Club's annual programme of Closed and Open races as indicated.

2. Unsocial Behaviour: Notwithstanding RRS 69, the Club may take appropriate disciplinary action against the owner and/or crew of any yacht whose behaviour ashore or afloat incurs the censure of the Executive Committee. Disciplinary Action may result in being excluded from competing in the racing programme, and/or revocation of Club Membership.

3. Insurance: Members' boats shall carry adequate third party liability insurance of at least TWO million pounds sterling, or higher if required by Class Rules. Yachts shall not compete in races without racing risks insurance. Payment of the Race Entry Fee implies appropriate insurance is in place.

4. Liability The safety of a yacht and her crew is the sole and inescapable responsibility of the person in charge, who must do his best to ensure that the yacht is fully found, thoroughly seaworthy and manned by an experienced crew who have undergone appropriate training and are physically fit to face bad weather. He must be satisfied as to the soundness of hull, spars, rigging, sails and all gear. He must ensure that all safety equipment is properly maintained and stowed and that the crew know where it is kept and how it is to be used. The establishment of these regulations, their use by race organisers, or the inspection of a yacht under these regulations does not in any way limit or reduce the complete and unlimited responsibility of the person in charge.
